		providers modems.

Summary: On January 11, 2001, David Discher, General Attorney of Pacific Telesis, sent a letter (attached to the notice) to Cmmr. Lynch. Identical letters were also sent to

Cmmr. Bilas, Cmmr. Duque, and Cmmr. Wood. The letters discuss the attached recent Iowa Utilities Board (IUB) order in an arbitration case between Sprint and US West. The letters quote the IUB finding that reciprocal compensation of Internet Service Provider-bound traffic would introduce unwanted distortions into the market.

	I93-04-002	Commission order instituting investigation on the Commission's own motion into open access and network architecture development of dominant carrier networks.
	A00-09-061	Pacific Bell Telephone Company, for authority for pricing flexibility and to increase recurring charges for business access lines, private branch exchange (PBX) basic and assured trunks, and non-recurring charges for business access lines, private branch exchange (PBX) basic and assured trucks, and direct inward dialing (DID) basic and assured trunks.

Summary: LATE FILED. On January 8, 2001, Nettie Hoge, Executive Director of The Utility Reform Network, sent a letter (attached to the notice) to Cmmr. Lynch. The letter was also addressed to Cmmrs. Bilas, Duque, Wood and Stevens. In addition, copies of the letters were sent to ALJ Jones, John Leutza, ALJ Carew, and to each Commissioner's telecommunications advisor. The letter encouraged the Commission to properly sequence the proceedings. The letter pointed out that current matters before the Commission, including the energy crisis and Pacific Bell's (PacBell) application to enter the long distance market, require substantial resources. The letter stated that it makes no sense to divert precious resources away from these crucial matters to deal with PacBell's request for business service rate increases. The letter urged the Commission to issue an order directing the instant business rate increase application and any other rate increase applications filed by incumbent local exchange companies be dismissed without prejudice or deferred until the 2001 New Regulatory Framework triennial review is completed, and the 2001 Unbundled Network Element cost review process is completed.
